

# PLANT INSTALLATION POLICY

---

## Installations include:

- Preparation of the planting hole (digging hole and incorporating soil amendment)
- Initial fertilizing of trees/shrubs

## Additional Charges:

- Stakes: \$10 per tree.
- Soil Amendment: \$50 per cubic yard installed

**Installations are scheduled Monday through Friday 9am – 2pm.**

## Service areas:

- Snohomish, Everett, Marysville/Arlington, Lynnwood/Edmonds, Woodinville, Redmond, Kirkland, Bellevue, Sammamish, West Seattle, Magnolia District, Renton, Camano Island.

**Installation costs are quoted on an individual basis.**

To assist us in preparing an accurate quote, please provide us with installation site information such as:

- Is there sod or bark to be removed?
- Is the site on a slope?
- What is the distance from the driveway to the location where the trees/shrubs will be planted?
- What is the access route to the planting site like? Is there access through a gate, etc.?
- Is the new plant a replacement? Are there roots or stumps in the area where it will be installed?
- Any photos of the site where your plants will be installed would be helpful as well as a descriptions of the access to the planting site(s). They can be sent via email to: [info@mcauliffesvalleynursery.com](mailto:info@mcauliffesvalleynursery.com)

We ask that you call the **811 “Call Before You Dig” hotline** prior to scheduling the installation to arrange that the underground lines be marked, we also request that you mark any irrigation/sprinkler lines in the area of installation, to ensure the safe installation of your plants.

### **AFTER CARE INSTRUCTIONS**

We ask that you water deeply and frequently to ensure the healthy establishment of your new planting. We recommend routine monitoring of the plants; watching for any signs of stress, such as, drying of leaves or dieback on any portion(s) of the tree/shrub. Should you notice signs of stress please feel free to contact us to discuss your observations.

### **INSTALLATION WARRANTY**

We offer a 50/50 split on all plants. We will meet you half way on a replacement of plants should you experience a loss. If however, we experience the same loss or discover a crop failure that may have affected your plant installation; we will replace it with the same or similar plant assuming 100% of the cost.
